

# ENHANCED CYBER PROTECTION FOR MORE SIGNIFICANT THREATS

Service professionals like accountants, bookkeepers, tax preparers, and auditors collect and store large amounts of confidential client data, which makes them top targets for cybercriminals. Our **Accountants ProtectionPlus** coverage has always offered a cyber liability option, but with the increase in remote working and virtual accounting services, we're enhancing our protection to help guard you against the increase in cybercrimes.

## An increase in threats calls for greater protection.

See how our enhanced **Cyber Suite** endorsement stacks up. You'll find out just how much coverage you'll get for your dollar.

According to the FBI, instances of **cybercrime have jumped by as much as 300%** since the beginning of the coronavirus pandemic.<sup>1</sup>
